

## REFORMATION

Of late I've been rechanging my mind  
Peeking round corners to see what I find  
Sweeping out cobs webbing my brain  
Rousting the squatters of *doing the same*  
It's kinda grand to revamp how you think  
Take a new stand, step again to the brink  
Recycle why into why not  
Reach for life's die

And recast your lot
